Fold in marshmallows 1 cup at a time. Press into pan with buttered back of spoon. Let stand 1 hour. Cut into 2-inch squares. Store at room temperature.

### Trail Mix

Trail mix is a camp classic! You can use a variety of ingredients in your trail mix. Keep in mind your children's preferences and allergies.

**Here are some ingredients we recommend**

**Raisins**

**Pretzels**

**Cheerios**

**Chocolate Chips**

**Mini Marshmallows**

**Goldfish**

**Peanuts**

Gather the ingredients for your trail mix. Give each child a small portion of a treat that would be in a trail mix. Ask them if this ingredient is good to eat by itself. Have children add their portion of the treat and mix together. Let each child scoop some trail mix with a spoon into a bag for another child, instead of for themselves.

As they eat ask the children

What is we only got to eat one of these ingredients?

Are these ingredients better together?

Talk about how this trail mix is how God wants us to work together and be a community in the church.

Give the children some trail mix to take home and invite them to tell their families about why they made it. Please give them a label card from the envelope to help them share what they learned.
